Connecting You With Christ

September / October 2022

Dear Partner,

Sometimes I wonder about what God sees when he looks at this earth. As humans, our perspective is very narrow. We only see a small fraction of what God sees. He sees everything—all the pain, all the suffering, all the death. While you and I experience life on this fallen planet for less than a hundred years, God and the rest of the universe has been watching it all for over six thousand years. Imagine for a moment what that must feel like.

Last month I read how hundreds of people died from the extreme heat wave in Europe. They join the 150,000 people who die every day on this planet. In this country alone more than a million people died from Covid. Worldwide that figure jumps to over six million.

It makes me wonder—did all these people know Jesus? I also wonder if I'm doing all I can to spread the Good News of the love of God. How about you? Are we doing all we can to connect people with Christ? Certainly your continued support of LifeTalk Radio goes a long way in reaching people with the Gospel.

We never know which listeners may be close to the end of their earthly journey but LifeTalk Radio connected them with Christ. And you also help others know they matter to God through your participation with LifeTalk. I'm reminded of the song: "People Need the Lord." That's why our continual goal at this media ministry is to expand our outreach in any way possible.

THREE DECADES

LifeTalk Radio has been broadcasting the Good News of the Gospel for thirty years. We praise God for his faithfulness and thank you for your continued support and prayers. LifeTalk is connecting people with Christ. Here is one story: "Thank you for being there for me. I had Covid and lost 70 pounds and my muscles became so weak that I had to be put into a facility to help me regain my strength. While there, I listened to both LifeTalk Radio and also your Kids stream. I was so encouraged by your programming. In fact, I would leave it on while the workers came in and out of my room. I'm glad I was able to share LifeTalk Radio with those who visited my room each day."

Right now we have a new evangelistic opportunity. By creating LifeTalkMusic.net more people can connect with Christ through uplifting music around the clock. To celebrate our 30th anniversary we've launched a new 24/7 streaming channel with all music. You can listen right now. It's available on our APP, or just open your web browser to: LifeTalkMusic.net

However, this new venture is not completely paid for and your continued support is vital. We've been busy creating LifeTalk Music over the past months. Now the bills are arriving for this bold step forward. But we know God is faithful. He has promised to supply ALL our needs. "And my God shall supply all your need according to His riches in glory by Christ Jesus." Philippians 4:19

We also believe God uses people to fulfill His promises. So, when God speaks to you on behalf of LifeTalk we pray you will listen and respond positively. LifeTalk Radio now has THREE channels: 1) LifeTalk Radio, 2) LifeTalk Kids, and 3) LifeTalk Music. That means a lot more work and more bills. It's kind of like starting a farm with one cow to milk and now we have three cows which need milking. Cows must be milked every day, and LifeTalk Radio needs its programming updated and maintained every day. Three cows also require more feed than a single cow. And you guessed it—the same is true with sustaining three radio channels. We are doing more than ever before to reach more people for the kingdom of heaven. Your support is greatly appreciated and needed—more now than ever in our thirty year history.

There is definitely a place in evangelistic outreach for the power of music to open hearts to the transforming power of the Holy Spirit. For thirty years, LifeTalk Radio has been broadcasting Christian music, Bible-based sermons and encouraging programs. But now we can reach those who connect with Christ best through a continual stream of uplifting music. I'm thrilled God has opened the doors to make this possible. I believe many people will be blessed.

I encourage you to listen to LifeTalk Radio and be blessed as God speaks to your heart. I also encourage you to share LifeTalk with others. Let your friends and co-workers know it's available and easy to access anywhere. To help you share your faith, we have many free resources, including sharing cards, posters, bulletin inserts, eCards, stickers and more available at: LifeTalk.net/resources

One last bit of exciting news. For more than a year we've been working on updating and designing a new website. Soon you'll gain a new online experience. Be sure to visit: LifeTalk.net
